VOL. TWENTY-FIVE. NUMBER 164. LIMA, OHIO, TUESDAY, APRIL 20, 1909. PRICE TWO CENTS.

HOUR IS NEAR

WHEN IMPOSING ARMY OF YOUNG TURKS WILL ENTER

Constantinople and Present Their Urgent Demands on Sultan

FOR CONSTITUTION WHICH HE CLAIMS

His Sublimeness Much Favors and of Which He is Guardian.

Has Ordered Royal Troops Not to Fire on Army of Investment.

Constantinople, April 20.—The populace of the Turkish capitol awoke this morning to find the pickets of the constitutional forces, who have surrounded the city to make the sultan guarantee the continuance of constitutional government, within calling distance of the old walls that flank the capital on its south side. The constitutionalists lines extends in a wide semi-circle around the three quarters of the city, Pera, Galata and Stamboul and every hour they are becoming longer. All roads outside of the capitol are occupied by the investing forces whose twelve mile front can be traced distinctly, but movement on the highways has been practically unaffected except now and then travelers are stopped and questioned and some times taken before the commander of the nearest outpost.

Several of the foreign military attaches in Constantinople rode out this morning and visited friends among the Turkish officers who command batallions of the constitutionalists and had an excellent opportunity to observe the condition of the troops. They were amazed at the excellence and completeness of equipment and the high state of efficiency of the field telegraph system, the hospitals and the supply trains. The men men are well fed, confident of ultimate success, and under excellent discipline. All requisitions made upon the people for food or animals are paid for in cash. The Italian attache counted thirty machine guns and another military observer learned of the presence of a division of sixty field guns attended by well mounted troopers. At noon yesterday the constitutionalists numbered about 20,000 at noon today they were more than 25,000 strong.

The occupation of the city will not be delayed for long. It may take place tonight, or the movement may be deferred for another twenty-four hours. General Huster, commanding the army of investment, says he will have ot patrol a city of a million people in which there are many dangerous mob elements, and he must have at his command enough men to do this work carefully and well, and not only to take the city, but to hold it.

In the mean time no preparations are being made within the city to offer resistance to the army of the constitutionalists. The sultan remains secluded in his place at Yildiz. To all appearances he is showing little activity.

With the exception of Tewfik Pasha, the present grand vizier he has received none of his ministers for the past 48 hours; but Tewfik Pasha, the calm and tried councillor of many a time of stress, has spent thirty out of the last 48 hours with his imperial master. He is constantly summoned to the palace. He may just have returned from a four hour audience with the sultan to his home in Pera, when another mounted messenger from his majesty will summon him to further conferences. It is through Tewfik Pasha alone that the sultan's attitude and mind are made known to the other ministers, the officials of the house and the foreign diplomats.

"The Sultan" Tewfik Pasha said today, "is awaiting benovolently the arrival of the constitutional army. His sublimity is in favor of the constitution of which he is the supreme guardian."

The sultan has issued orders that not a shot shall be fired by his household troops or the Constantinople garrison against the forces that have surrounded the city.

Constantinople, April 20.—It is understood here that Towfik Pasha, the grand vizier; Edhem Pasha, the minister of war, and Naziem Pasha, commanding the force in the capital, sent in their resignations to the sultan late last night. The sultan thereupon summoned Hilmi Pasha, the late grand vizier, but Hilmi hesitated to resume office. His majesty then called Tewfik Pasha to the palace and the grand vizier had been closeted with the sultan since an early hour this morning. It is expected that the outcome of this conference which is taken to portend a momentous decision will be announced speedily.

New York, April 20.—American missionaries at Mersina are safe, according to a cable dispatch received early today by W. T. Miller, cashier of the Board of Foreign missions of the Reformed Presbyterian church. The dispatch was from Latakia, Syria, read merely:

"Mersina safe."

Considerable uneasiness has prevailed among the members of the church and the friends of the missionaries in this country as trouble had been reported at Mersina.

Constantinople, April 20.—All the forts surrounding Constantinople from the sea of Marmodora to the Black Sea are occupied by the constitutional troops and the soldiers supporting the Young Turks are advancing on the capital. No definite information as to when they will enter this city can be had.

Washington, April 20.—An American named Baskerville, a teacher in the Presbyterian boys school at Tabriz, who had been accused of complicity in revolutionary movement, was killed in battle today according to a dispatch from Consul Day at Tabriz.

Constantinople, April 20.—No less than 5,000 persons lost their lives in the massacres that have been going on at Adana during the past few days. Of this total about 2,000 were killed in the city of Adana.

Adana at present is quiet but there has been renewed attacks on Christians at Marias in the vilayette of Alphos, about eighty miles northeast of Alexanderetta.

The consular advices describe the situation as very serious.

Beirut, April 20.—Moslem fanaticism has broken out in the vicinity of Alexanderetta and great excitement prevails in that district. Houses in flames can be seen from the streets of Alexanderetta.

Teheran, April 20.—A young American missionary, who recently joined the Persian nationalists, was killed while fighting for his newly adopted cause at Tabriz this morning. It has been impossible to obtain the name of the man.

Malta, April 20.—Orders have been given for the British battleships Canopus and Ocean and the cruiser Minerva to leave here tonight for Turkish waters.

Washington, April 20.—Two armed cruisers, the North Carolina, Captain Marshall, and the Montana, Captain Reynolds, are to be sent to the Mediterranean to protect American interests in Turkey. They will report to the consul at Alexanderetta. The vessels are now in the West indies. They are directed to proceed with all dispatch.

WESTON RESUMES WESTWARD TRAMP.

Chicago, April 20.—Edward Payson Weston, who has been here since Saturday following the completion of the New York to Chicago portion of his coast-to-coast walk, resumed his westward tramp at 6 o'clock this morning. Plans had been made to resume the journey last night at 9 o'clock but at the last moment the walker's manager was unable to obtain and automobile and a chauffeur to take the place of the man discharged Saturday.

HAD HIS OWN REASON

For Keeping Away From White House Seven Long Years.

TILLMAN PAYS PRESIDENT TAFT

Social Visit and is Given a Cordial Reception by New Incumbent.

Washington, April 20.—Senator Tillman, of South Carolina, paid his first visit to the White House in about seven years and received a cordial greeting from President Taft. His appearance today in the executive offices created a sensation. The senator walked to the White House unaccompanied, but left with Senator Beveridge, of Indiana, riding to the capitol with the latter in his automobile. Booker T. Washington was waiting to see the president when Senator Tillman arrived. The South Carolinan was immediately shown into Mr. Taft's private office. The call was purely of a social nature, it was declared.

"I came," said Senator Tillman, "to see if the office seekers had fried any fat off the president, but they have not friend a pound."

Asked why he had never visited the White House in the past Senator Tillman replied:

"I waited until a gentleman got here."

NAMING BURTON SUCCESSOR TODAY.

Cleveland, April 20.—An election is being held in the 21st congressional district here today to elect a successor to Theo. E. Burton, who recently was chosen United States senator. James H. Cassidy, republican; Mathew B. Excell, democrat, and Robert Bandlow, socialist, are the opposing candidates. The vote up to this hour, 10 a. m., is very light.

FIVE MEMBERS OF CREW DROWNED.

Mackinaw City, Mich., April 20.—Five members of the crew of the steamer Eber Ward, grain laden, from Milwaukee for Port Huron were drowned today when the steamer sank in Lake Michigan after striking a heavy ice flow about six miles west of this port. Nine members of the crew were saved. The men who lost their lives were:

JOHN HERN.
JAMES PERRY.
JOHN MEBAROTH.
KINNEY McKAY.
AN UNKNOWN DECK HAND.

NEGRO BOY

Got Revenge by Feeding Step-brother to Hogs.

New Orleans, La., April 20.—Incensed because his step-mother had left him at home, in charge of his young step-brothers and sisters for the day, Tom Godfrey, a 12 year old negro boy, fed the youngest of his charges to the hogs. His step-mother straight way whipped Tom and when she went for a doctor to attend the baby, Tom seized an axe and attacked his six year old step-brother, inflicting several deep wounds. His young step-sister interfered and he crushed her skull with an axe. The girl is dying and the other children have little chance for recovery.

HAINS' LAWYER SEE QUICK FINISH.

Flushing, L. I., April 20.—A speedy conclusion of the trial of Captain Peter Hains, Jr., for the killing of William E. Annis, through the appointment of a commission to inquire into the defendant's sanity, was predicted today by counsel for the defense.

"This case will never reach the jury," said Daniel O'Reilly, "and the appointment of a commission in lunacy to determine the prisoner's sanity is in my opinion inevitable."

This statement was made shortly before the convening of court for the second day of the trial before Supreme Court Garretson here. Two jurors in the box were the net result of the first day's session.

When the presentation of the peoples' case is concluded it is believed by Captain Hains' attorneys that the district attorney will ask for a commission.

AMERICAN PLATFORM

Knows No More Eloquent Orator and Forcible Public Speaker

THAN DR. STUART WHO WILL ADDRESS

A Mass Meeting of Men at Memorial Hall Next Friday Evening.

Dr. George R. Stuart is known today as one of the most forceful and eloquent men on the American platform. He is in demand from the Atlantic to the Pacific. Every Chautauqua platform seeks his services. He appears year after year upon the same platforms, and the people who hear him once are the ones most eager to hear him again. He is the typical southern orator. He is fluent, graphic, magnetic, pictorial, fiery. His sounding rolling periods charm, and his thrilling climaxes startle. He served as a college professor for a time, was in the active ministry for a few years, then entered the evangelistic work, through which he has been unavoidably led by reason of his superlative talents into the work of lecturing. As an advocate of the modern temperance reform, he can not be surpassed. He has three famous lectures: "The Stump Digger," "The Texas Round-Up" and "The Pile Driver." A few years ago he gave the first of these lectures in the Faurot opera house. Many heard it, and they will never forget it. He will speak Friday evening, April 23rd in Memorial hall. The meeting will be for men only.

COAL OPERATORS PUT OFF MEETING.

New York, April 20.—Anthracite coal operators which were to have a meeting Thursday of this week, has been postponed until next Tuesday, April 27. It was expected that the report of the special committee appointed to formulate a policy of dealing with the miners to be followed by the operators would be made at this meeting. No reason was given for the postponement.

BAKERS HOLDING MASS MEETINGS.

New York, April 20.—Two mass meetings of bakers will be held here tomorrow night to discuss the high price of flour as a result of the Patten wheat corner. Whether any concerted action looking toward a general raise in the price of bread will be taken has not been decided. Some of the bakers are of the opinion that such a step will be illegal.

WIFE OF WEALTHY CHINAMAN IS DEAD.

Chicago, April 20.—Mrs. Toy Taon Moy, wife of one of the richest Chinese men in Chicago, and well known as the "Queen of Chinatown," is dead as the result of pulmonary troubles. Mrs. Moy was a sister-in-law of Hop Lun, leader in the Moy clan of Chinese in Chicago. Moy Chung, her son, twenty-six years old, is at present a student at Notre Dame.

BARBER SET ON BY HIGHWAYMEN.

Middlefield, O., April 20.—Fred P. Morse, a barber, was assaulted by highwaymen Monday night while on his way home and but for the accidental discharge of his revolver as he fell, which scared the robbers to flight, would have lost a large sum of money which he carried.

OH, YE HOUNDS

OF BASKERVILLE FOR KILLING YOUNG AMERICAN.

Death Came While He Was Leading Sortie Out of Tabriz

WHICH IS SHORT OF FOOD SUPPLIES.

Had Been Teaching in Presbyterian School But Had Resigned.

Board Expresses No Fear for Missionaries and Their Families.

Tarbiz, Persia, April 20.—An American named Baskerville, who, until recently was a teacher in the Presbyterian school here, was killed outside Tabriz this morning while loading a sortie from this city. The party was to open a way for the bringing in of provisions of which the city is greatly in need of. The mission was not successful.

The citizens of Tarbiz are arming themselves and will put up a bold defense of their city.

The English residents have sent a telegram to Foreign Secretary Grey at London appealing for help. The Russians have taken refuge at the Russian consulate.

The activity of Baskerville in assisting the Persian revolutionists against the government became known early this month. Possible complications were avoided by the prompt disavowal by the Presbyterian Mission at Tabriz of all of Baskerville's acts.

The mission gave orders also that he either refrain from interferring in Persian politics or resign his position.

New York, April 20.—Direct advices by cable [illegible] of the death in battle near [illegible] of H. C. Baskerville the young American teacher, were received by the Presbyterian board of foreign missions here today. Baskerville, it was said at the board offices, had resigned from all connection with the Presbyterian school before entering upon revolutionary activities. He went out to Persia two years ago having been engaged to serve as a teacher in one of the Presbyterian schools, and his terms would have expired the coming summer. His home was Spicer, Minn., where his father now lives it was said.

Regarding the general situation at Tarbiz the board expressed no alarm for the safety of the missionaries of whom there are four families and two individual missionaries now there. While the gravity of conditions was appreciated, it was said that the government had given assurances that everything possible had been done and would continue to be done to protect the missionaries and the mission property, and the home officials were resting confidently upon that assurance.

AMERIKA AGROUND.

Cuxhaven, April 20.—The Hamburg-American line steamer Amerika from New York April 10 for Hamburg, is aground off Allenbruch, four miles southeast of here. Tugs are standing by to render assistance.

LETTER GIVES POLICE A CLEW.

San Francisco, April 20.—Through a letter written to an Italian woman in this city the police have found trace of Mrs. Pietro Torlorico and a possible clew to the whereabouts of her husband, who has been sought since April, 1905, for the brutal murder of Bragio Vilardo. For a year after the crime Mrs. Torlorico was shadowed in the hope of leading the police to her husband's hiding place. She went to New Orleans and all trace of her was lost. Recently it was learned that the woman had written a letter to a friend here declaring she longed to return. The missive was dated at Chicago and the police of that city have been instructed to watch the movement of the writer.

Torlorico, it is charged, cut up the body of Vilardo and carried it in a sack several blocks from her home where the crime had been committed.

FLORIST SHOT BY HIS WATCHMAN.

New York, April 20.—John Scott, one of the best known florists in Brooklyn, was shot and killed on the side walk in front of his green house last night. As two policemen approached Aloysius Gross, his night-watchman, was seen standing over the prostrate form holding a revolver. He admitted the shooting and was locked up. According to Gross, he had a grievance against the florist for having discharged him.

ROUND TABLE SCANDAL BOBS UP.

Berlin, April 20.—The Moltke-Harden slander case, a sequel of the Zu Eulenberg affair and the "round tables" scandals of 1907, again came up for trial in Berlin today.

RENO BELIES ITS REPUTATION.

Reno, Nev., April 20.—Virginia Harned-Sothern has been refused a divorce, this being the first time in the history of the state when non-residential grounds were invoked. It was claimed by the court in an elaborate opinion that Miss Harned had not perfected her residence in Nevada and was not entitled to begin action.

This administers a death blow to one of the most recent and most promising of the divorce colonies. Reno had been hailed as a Mecca for the mismated, and there are numerous women prominent in New York society who are now here awaiting the severance of their galling bonds. It is feared in the divorce colony that others are destined to meet the same bitter disappointment meted out to Miss Harned yesterday.

Reno stands to lose some of its newest and gaudiest residents, and with them will go much revenue, for they are liberal spenders, but the court holds that the laws must be rigidly interpreted and enforced, and intimates that the Eastern misfits would better settle their rows at home.

DECISIONS BY SUPREME COURT.

Columbus, April 02.—The supreme court today handed down the following decisions:

Frank H. Ginn, assignee, vs. Frank B. Brown et. al., Cuyahoga county; judgment affirmed.

The D. L. Adams Co. vs. The Federal Glass Co., Franklin county; judgment affirmed.

The State of Ohio ex. rel. H. M. Hagelbarger, attorney, vs. The Mutual Life Insurance Co., of New York, summit county; judgment affirmed.

Charles Henry, administrator, vs. the Ironton Portland Cement Co., Lawrence county; judgment affirmed.

UNANIMOUS VOTE SAYS TO STRIKE.

Cleveland, O., April 20.—By a unanimous vote the 207 members of the Lake Seamen's union decided to go on strike here today. A resolution was also passed not to go near the Lake carriers' shipping offices and also not to make application for positions on any vessel under the control of the Lake Carriers' Association so long as it insists upon the open shop clause.

Not less than 25,000,000 will be required by the blast furnaces.

STATE CATTLE TO BE EXAMINED.

Columbus, April 20.—Today Dr. Morgan B. Lamb, assistant state veterinarian, went to the Dayton state hospital to examine the cattle owned by that institution, to ascertain if they are affected with tuberculosis. This is the first step taken by the department under the order of Governor Harmon following the discovery of the disease in cattle at the Xenia home, that all the live stock owned by state institutions should becarefully examined and if found diseased, killed.

CUT FLESH OUT OF HIS BREAST.

Pittsburg, Pa., April 20.—Alleged to have outdone Shylock in having actually cut portions of flesh from the breast of a man who refused them money, Salvator Roberto and Nicolo Digliotti were yesterday held for court without bail at Braddock.

With his wounds bandaged, but weak from the loss of blood, Joseph Gugliotto appeared at a Braddock bank, in company with the two foreigners, and asked to draw out $300. The teller called an interpreter, and was told the story which resulted in the arrest and holding of the two men.

At the hearing Gugliotto said he had received several Black Hand letters demanding money, but ignored them. He said he was aroused from sleep to find the two accused men standing over him. He said they demanded $300, and that, when he refused, one of them held him while the other slit his arm and face with a stiletto. Still, he said, he refused to comply with their demands until one of them began carving strips out of his breast. Then he promised to get his money. The arrest followed, when Bank Teller George Todd suspected from the bleeding man's appearance that something was wrong.

BEARS

Made Another Sensational Drive At Bull Ring.

Chicago, April 20.—Bears in wheat made another sensational drive at the market today. July sank an extreme six cents under the high point of yesterday and May followed suit. The ticker credited Patten and allies of supporting at the fall but confirmation was lacking.

Today's slump followed the bearish news yesterday and today. The Russian shipments were unusually heavy last week and the rain in the southwest was a big factor in the slump.

Aside from a visit to the pit during the forenoon when he was said to have purchased small lots which temporarily steadied the price, Mr. Patten's actions gave no clew to his operations. His house was reported selling for customers. Personally he spent most of the day in a chair facing the blackboard. The market looked weak all day. Yesterday May wheat sold as high as $1.28 and July up to $1.18¼. A bear raid tumbled prices, but support was not lacking and the close showed losses of only 1 to 2 cents the latter in July.

BULL MARKET

In Other Food Stuffs Than Wheat Says Chicago.

Chicago, April 20.—There is a bull market in other food stuffs than wheat. According to experts on south Water street, there has never been a time within the annals of food prices of that thoroughfare when there have been so many high notches recorded.

"Under production" is the explanation. Here are some of the prevailing jobbing prices of today compared with those of a year ago:

	1909	1908
Potatoes, per bu	1.15	.85
Cabbage, per crate	3.25	2.00
Carrots, per sack	1.00	.80
Parsnips, per sack	1.35	1.00
Spinach, per bu	.75	.50
Apples, bbl.	6.00	3.00
Grape Fruit, per box	3.75	3.25

STEPS LOOKING TO ANNEXATION.

Washington, April 20.—A step looking toward the annexation of Cuba is embodied in a resolution introduced in the house yesterday by Representative Helm, of Kentucky. It provides that whenever a majority of the voters of the islands shall vote in favor of annexation to the United States, the territory of the island shall be annexed on terms which both countries may agree upon.

YOUNG SHERRY NEEDS SOME REST.

Chicago, April 20.—Ernest Sherry, 10 years old, son of the restaurant keeper of New York, who had been shoveling cinders in the steel mills at Gary, for the last year at $1 a day has secured a leave of absence and gone to New York. There he will join his mother on an European trip. Young Sherry quit school and made his way west and through the friendship of Harry Corey secured a position with the big iron company. Recently his mother decided that her son needed a little vacation.

IS NOMINATED BY THE SULTAN.

Smyrna, April 20.—A telegram received declares that the Andre Kropassis Effendi, Prince of Samos, has been murdered.

Samos is a Greek island off the west coast of Asia Minor. It pays an annual tribute to Turkey and Turken maintains a garrison there.

The prince of Samos is nominated by the sultan. He was appointed to office in 1897. There arose a serious movement against him in May of last year, when he was seized by the malcontents and beaten. He made his escape to the palace and was besieged there several days before the troops restored.

POSSE THAT SWUNG

Four Prominent Citizens of Texas to Rafters Toted Guns

AND THEY KNEW HOW TO USE THEM.

Story of Storming Jail Told by Guard Who Was in Charge.

Dallas, Texas, April 20.—In a special Joe Carter, one of the four guards on duty at the time of the lynching of the four cattlemen at Ada, Okla., yesterday, is quoted as follows:

"The first I knew of the presence of the mob was at 2:10 when six masked men suddenly appeared in the waiting room in the run-around, near the cells and covered me and Jim McCarthy with their guns. McCarthy and I held the watch for this part of the night. They told us to step aside and hand over the jail keys. I told them we had no keys; that a gentleman in another room had the keys.

"At this moment, about twenty more men appeared thronging through the hall of the court house and from every where else it seemed to me, saying: 'Keep quiet men, and give up the keys.'

"The men were masked. They kept me and McCarthy under cover of their gun and proceeded to wake up guards Walter Gernst and Bob Nestor and took the keys away from them.

"Nestor arose from his bed with his gun and the masked men hit him over the head with their guns and left him stunned. The men forced Gernst to open the heavy doors to cells in which the prisoners were kept.

"I never saw any of the men leave the court house yard as it was dark."

CLEVELAND GRAYS JOIN OHIO TROOPS.

Cleveland, April 20.—The Cleveland Greys, one of the oldest independent military organizations in the United States, voted today to become a part of the National Guard. The company was organized in 1837 by the most prominent citizens of Cleveland. The continental uniform was adopted and it is still worn. During the civil war the company saw service under the name of the Tenth Regiment of Ohio, entering as a volunteer organization.

JACK JOHNSON

IS GOING TO HAVE NOTICE HANDED TO HIM.

Jeffries Will be Ready to Take Him on Within One Year.

ANNOUNCEMENT WILL BE MADE

Tonight After Long Deliberation by Former Big Champion

Who Now Believes That He Can Put Himself in Condition.

New York, April 20.—James J. Jeffries will announce tonight that he has reclaimed the title of heavyweight champion pugilist of the world and will be ready to defend it against all comers in ten months or a year. Jeffries, in a statement, says he is convinced that he will be able to get into good fighting condition. For some weeks the former champion has been touring the country giving sparring exhibitions and at the same time endeavoring to ascertain if his condition when he was champion of the world can be equalled in the near future.

Notwithstanding the appeals of friends and the blandishments of managers of boxing clubs, Jeffries for several weeks has remained non-committal so that some of his admirers despaired of ever seeing the big fellow put on the gloves once more. Jeffries now believes that he can fit himself for a championship battle. Jeffries wants the fight to take place in this country and has under consideration an offer from a fight promoter for a championship contest some time during the Seattle exposition. Hugh McIntosh, of Australia, left for England last week and doubtless will renew his offer for a fight at Melbourne. A championship fight in the states along the Atlantic seaboard is not possible under existing laws and fistic followers in the east will have to journey westward.

Jack Johnson is now touring the country giving sparring exhibitions. He weighed here the other day and tipped the scales at 210 pounds. He is matched to fight Stanley Ketchell, at Colma, Calif., on October 12.

Jeffries weighs about 250 to 260 pounds.

Pittsburg, April 20.—Jack Johnson, heavy weight champion of the world, said today that if Jeffries is in earnest and will post a forfeit, he will cancel all fighting engagements and welcome chance to meet the former champion in the ring.

"I will be the proudest man in Pittsburg," said Johnson to the Associated Press today, "if Jeffries will show that he means business by covering the $5,000 which I have posted with a New York paper. My money is ready and the moment he makes his announcement I will cancel all fighting engagements and get ready for him. My match with Ketchel and all other matches I have are arrangd with the understanding that I could cancel them if I had a chance to meet Jeffries.

"But Jeffries cannot reclaim his championship. He can only fight for it. I am glad he has made up his mind to meet me and if he means business he should post $5,000 with any Pittsburg paper or cover the $5,000 I have posted in New York by tomorrow morning."

London, April 20.—The projected fight between Jack Johnson, the colored heavy weight champion, and Sam Langford, may possibly never be pulled off as Langford today signed articles for a contest before the Nation Sporting Club on Derby Day with Ian Hague, who last night wrested the championship of Great Britain from Gunner Jim Moir. Hague, who knocked Moir out in the first round, is a Yorksire pitman. His previous opponents have been local small fry and the east with which he finished Moir was a great surprise. The National Sporting Club has offered a prize of $7,000 together with a side bet of $1,000 for the Langford-Hague fight.

DRY GOODS MAN DEAD.

Cleveland, April 20.—Lee McBride, 71 years of age, was president of the Root & McBride Company, wholesale dry goods dealers, died here today. Death was due to pneumonia. Mr. McBride was well known to the trade throughout the United States.

FEASIBLE

Scheme For Breaking Corner in Wheat Market.

Washington, April 20.—Representative Hughes, West Virginia, has evolved a method which he believes will relieve the wheat market. He has introduced a bill authorizing and directing the secretary of the treasury to make full rebate of the duty imposed by the Dingley act upon wheat imported from foreign countries for a period of one year from the passage of his bill.

PREFERRED DEATH TO PRISON STAY.

Atlanta, Ga., April 20.—Preferring a quick death by poison to a long term in prison for sending insulting and threatening letters through the mails, Dr Rosa F Monnish committed suicide with prussic acid here late yesterday after she had been sentenced to serve two years in the federal penitentiary at Leavenworth, Kansas.

Deputy United States Marshals, in whose charge she had been placed, found her after they had broken open the door to her room.

Dr Monnish fainted when the sentence was imposed, but recovered and asked to go to her home. The officers consented, mainly stipulating that they lock her in her room and remain on guard outside.

While her attorneys were preparing an appeal bond she accompanied the officers in a cab to her home and went to her room. About 2 p m the guards called her to come to luncheon. Receiving no reply they forced the door and found the aged prisoner dead on her bed. The strong odor of bitter almonds told the story of death by hydrocyanic acid.

It is believed that Dr Monnish procured the drug some time ago made up her mind to die if in favor to get a new trial. She was 60 years of age and, besides her husband, also a physician, she leaves a daughter, Jeannette, aged 17.

Dr Monnish was convicted of sending improper and threatening letters through the mail. She had a disagreement with her husband and out of the marital infelicity grew her trouble with the postal authorities.

She was found guilty recently, but applied for a new trial. Federal Judge Newman overruled the application yesterday. She was sentenced on each of the counts to serve one year and one day in the federal prison at Leavenworth, Kansas, and to pay a $1,000 fine.

This is the season of listlessness, headaches and spring disorders. Hollister's Rocky Mountain Tea is a sure preventative. Makes you strong and vigorous. 35 cents. Tea or Tablets. H. F. Vorhamp.

ARDENT PETER

WITH WHOM AGE IS NO BARRIER TO ACTIVITY

Homesteads Lands, Weds Widow and Settles Down to Farm Life.

DETERMINED TO RAISE IRRIGATED

Wheat and Incidentally a Family Despite His Ninety Years.

Acts and Looks Like Man With But 60 Years to His Credit.

Sheridan, Wyo., April 20.—On his ninety-sixth birthday Peter S. Morrison arrived in Sheridan from Michigan, married Mrs. Stewart, a widow of this city, took up a one and sixty acre homestead out in the basin and settled down to raise a family and grow up with the country. Mr. Morrison is the oldest homesteader who ever took up land in Wyoming, and he is also the oldest bridegroom this state ever commissioned.

"Yes, I've just got married and filed on a one hundred and sixty acre homestead and I'm now going to raise irrigated wheat and a family," said the old man. "Guess it sounds funny to hear a man who was born during the war of 1812 talking about raising a family and growing up with the country, but that's just what I'm going to do."

Marries the Widow.

Two years ago Mr. Morrison came out to Wyoming on a visit to his son, who lives near Sheridan, and while here became acquainted with Mrs. Rachel J. Stewart, a widow just one-half his age. The result was the marriage of the two.

"Guess I showed these Wyoming men a trick by beating them all out and marrying the widow," says Mr. Morrison.

Mr. Morrison looks and acts like a very young man of sixty, his eyes are strong and clear and he walks on an average of ten miles every day—"just for exercise," he says.

"The secret of my youth is the motto upon which I have acted all of my life," he says. "This is it: 'Don't worry.' I never permit anything to worry me. That's the whole story.

"Do I expect to live to be 100 years old? Of course I do. I expect to be 125 years old, anyway, when I die. And I expect my new homestead to be a fine farm, well stocked with everything, before that time."

Mr Morrison was born in no country. His parents left Scotland in 1813 with eleven children, enroute to the United States. When they landed in Boston there were twelve of the children, Peter being born when they were twenty days out from Edinburgh, and he was two months old when the ship arrived on the American shore.

Fought in Mexican War.

The family emigrated to Ohio, and Mr. Morrison enlisted in the First Ohio regiment and served with that regiment during the Mexican war. He was in a number of the great battles around the City of Mexico.

Returning home when the war was over he moved to Marquette, Mich., and when the Civil war broke out enlisted in the Twenty-second Michigan, and served through that war under Sherman.

Since the war Mr. Morrison has lived near Marquette, where he raised blooded horses. He has arranged to bring his brood mares to his new homestead and will continue to raise stock on his homestead here.

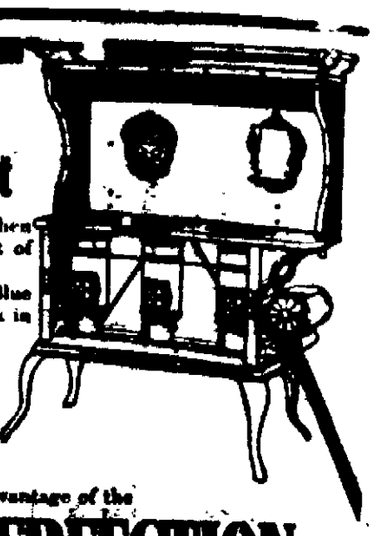

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use much serious sickness and suffering may be avoided. The operating table and the surgeons' knife would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

Plan for Summer Comfort

Don't add the heat of a kitchen fire to the sufficient discomfort of hot weather.

Use a New Perfection Wick Blue Flame Oil Cook-Stove and cook in comfort.

With a "New Perfection" Oil Stove the preparation of daily meals, or the big weekly "baking," is done without raising the temperature perceptibly above that of any other room in the house. Another great advantage of the

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove

is its handsome CABINET TOP, which gives it every convenience of the modern steel range. Has an ample top shelf for warming plates and keeping cooked food hot, drop shelves for holding small cooking utensils, and is even fitted with racks for towels. Made in three sizes, and can be had with or without Cabinet Top. If not at your dealer's address our nearest agency.

COMPANY IS FORMED

Today at Columbus for the Manufacture of Patent Apparatus.

IS INVENTION OF LIMA MAN

And Dispatch Makes A. L. White President of New Concern.

With the incorporation of a new company at Columbus today another new industry for Lima was inaugurated.

This is called the Lima Vacuum Machine Cleaning Company, and is capitalized at $50,000. The dispatch from Columbus give A. L. White, president of the Lima Locomotive and Machine Works, as president of the new organization and it is understood the company will take over the manufacture of a patent cleaning apparatus, now owned by Caral Boegel, and which he has been conducting in a modest way out at Minster. The tremendous success of the device has been such, even under the handicap of small facilities etc., its future is assured.

Nothing for publication was given for production, that now the enterprise has been taken hold of by a number of representative men of the out locally, but it is understood that the organization of the company, with election of officers, board of directors, etc., will take place within a very short time.

AT THE ORPHEUM

The show this week is a winner, every act a hit.

Marguerite Newton & Co. open the bill with a clever musical one act sketch. Miss Newton very cleverly impersonates the sweetest girl and gets lots of comedy out of her partner is a splendid singer and pianist. The act made a big hit.

Harry Lake followed with somewhat of a novelty comedy act. Mr. Lake opens with "Father and Mother," which is a hit, following with manipulating a whip, and some good burlesque juggling.

The next act is one of the big features, namely, Electro & Co. the human Rheostat. This is a wonderful act in a series of hitherto considered impossible demonstrations of electricity. Electro allows from one hundred and ten to three thousand volts of electricity to pass through his body, performing such feats as lighting gas jets with the tip of his tongue, touching newspaper with the tip of the finger causing it to blaze up, burning a piece of cloth by touching it with the finger tips or the toe of the shoe, lighting gas through the body of a second party. This act is one of the most startling ever produced in Lima, or any other place, the above only being a few of the experiments introduced in this wonderful act. This act alone is worth many times the price of admission, and should be seen by everyone.

Laura Howe presents one of the most refined and neatest acts in song and stories the Orphium ever had. Miss Howe has a pleasing personality and a sweet voice that completely wins her audience.

"Billy" Johnson and his eight dusky valentines take the audience by storm, in "The Day Before Election," a red-hot act in three scenes. There is not a dull moment in the entire act, their songs are all good and go big with the audience. Billy Johnson is a clever comedian and a rapid-fire talker which keeps things going without a dull space. One of the big hits of the act is "Yam in the Right Church, But in the Wrong Pew," which called for several encores. This act seemed to make a bigger hit than any of the previous colored acts, and is a comedy winner.

The motion picture is comic "The Professor's Love Fluid," which causes many funny things to be done on all whom it comes in touch with. The entire show is a pronounced hit, and had two crowded houses last night.

SECOND PERIOD OF GREAT CONTEST PROMISES TO BREAK THE RECORD.

The Contest Which is to Decide Who Our Guests to Europe Shall be is the Most Absorbing Topic of Interest in the City and County.

The Prize Superior to Anything Ever Offered in any Contest.

Words of Praise from the Public Coming to the Times-Democrat Every Day.—Only a Short Time Longer.—Help Your Candidate Now.

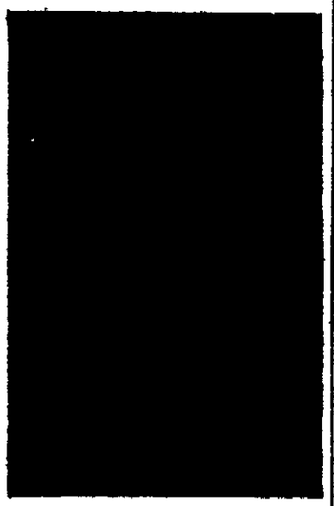

The big Tour-of-Europe voting contest of The Times-Democrat now has the center of the stage and the interest of the people of this section, and all eyes are now focused upon its developments in the most eager expectancy.

Just what will be the final outcome of the enterprise is a matter which at the present time is furnishing considerable food for speculation and conjecture, and it is safe to say that there is hardly a person in the home city and surrounding territory who has not already formed an opinion as to who will be the winners. This forecasting of the final results of the enterprise is naturally of a very chaotic nature and embraces the entire ocean of possibilities. Opinion is of a very marked variety and it is as interesting as it is widely varied. We dare say there is sure to be surprises sprung during this contest, caused by the efforts of the candidates and their friends that no doubt will cause the opinions to be changed, perhaps several times during the life of the contest. The friends of all the contestants are equally confident of the success of their favorites, but just who will prove the true prophets and who the false is a matter which can only be determined when May 17th rolls around and the final count is made.

As the second period started yesterday we can now look for frequent changes in the standing of the candidates. Special ballots are now the order of the day and as they are being cast the changes are bound to occur. The changes made by the candidates up and down the list seems to keep the interest at fever heat and make the campaign far more interesting and exciting than the ordinary election.

From what can be seen of the contest on the surface, everything is going along in the same smooth orderly way of all successful contests. With an occasional flurry of ballots such as occurred last Saturday, but those on the inside who have had a glimpse of the plots and counter-plots and of the endless activity of the candidates in a quiet way, predict that when the final day of closing rolls around the people of Lima and Allen County will be treated to a great surprise, the largest in their lives from a voting contest standpoint.

Candidates are requested in voting their certificates to vote those on which the money has been paid, at least three days before. This permits a verification and assures the candidates that the votes will be published the day following the voting.

The Monument at London, Trafalgar Square.

Candidates who have friends—and all have—who desire to make an effort for their being successful in the tour running, should call and get subscription books or notify the contest manager so that full explanation and details may be given their friends who wish to aid them. We desire to call the candidates as well as the public's attention to the error in the voting ballot in Monday's issue. This ballot as well as all ballots in the future is good for only one vote (the ballot in Monday's issue having been printed 10 votes) and all voting ballots published in the issues of the Times-Democrat will expire seven days after being published. Watch the date on your coupons and vote them before the date of expiration printed on each. Clip the ballots and vote them for your candidate. Do not fold your ballots if you want them counted; just a little care will save many votes.

It is with pleasure that we announce to the public and the candidates that we have been advised by the New York Central R. R. Co., that a special Pullman and observation car has been assigned for the use of the "Jolly O-ho Girls," from Cleveland to Montreal, Canada. This makes all arrangements complete and with such an offer as a tour of France, England and Scotland, with all expenses paid who would not want the trip. Now then, Mr and Mrs Public, help us decide who the four young ladies shall be. It's up to you.

STRUCK WITH CLUB

By Father During Heated Quarrel Frank Davis is Dangerously Ill.

PARTIES LIVE AT WEST CAIRO

And Little Burg is Ali Agog Over the Outcome of the Affair.

A disagreement between father and son last Sunday almost had a fatal termination when Richard Davis, commonly known as "Dick," struck his son Frank on the head with a club, causing concussion of the brain.

Davis is a well-to-do farmer living some three miles west of West Cairo and he and his son Frank, a young man of twenty-one, got into an argument, the start of which no one seems to know. It is rumored that young Davis had planned to take the family horse and buggy to go and call on his sweetheart, but the head of the house interfered. In fact he interferred so effectually that for more than twenty-four hours his victim hovered between life and death.

The affair happened about five o'clock Sunday afternoon and in the fight that was the sequel of the argument the elder proved to be the better man of the two and finally clinched his declarations with the blow that felled the young man. All Sunday night and until late yesterday the young man lay unconscious. Two physicians from West Cairo, Drs. Norman and Stadler, were called in and gave the boy the best of medical care and attention. He finally revived somewhat but is still unconscious at intervals though the physicians now think he will recover unless further complications set in.

The neighborhood in the vicinity where the Davis family resides is terribly stirred up over the affair and the fact that the young man might not survive the effects of his fathers act caused great indignation against the latter.

Scrub yourself daily, you're not clean inside. This means clean stomach, bowels, blood, liver, clean healthy tissues in every organ. Moral: Take Hollister's Rocky Mountain Tea. 35 cents, tea or tablets. H. F. Vortkamp, druggist.

USED HAND CARS TO MAKE ESCAPE.

Bartlesville, Okla., April 20.—Railroad handcars used by section men and equipped with gigantic sails are the latest and most effective methods used by Oklahoma outlaws for escaping to the fastnesses of the Osage Hills, west of this city, with their loot from banks along the Kansas border.

The wreckers of one of these equippages found yesterday at Dewey, three miles north of here, gave the secret away.

On board the vehicle at the time it left the rails were two men who were escaping with $2,300 of the funds of the Havanna, Kan., bank, which they dynamited shortly before 3 o'clock yesterday morning. The men escaped out of this country in early train, after overpowering a policeman who tried to arrest them.

James M. Parker, ten miles south of here, at 4 o'clock, saw what appeared to be a mammoth sailboat flying down the railroad track. As it passed with the speed of a passenger train he saw it was a handcar, with a large sail attached. Two men were on board. A few minutes later as the car swung around a curve at Dewey it was blown from the track.

The men escaped injury and fled with their plunder to a Missouri, Kansas & Texas train, which they had been making such haste to catch at Dewey.

They were seen on the baggage car here, and ordered to get off. They covered the policeman with their revolvers until the train started again, and escaped.

TO MAKE ROAD TEST

Standard Oil Company Desires to Make Proposition to County.

MEETING CALLED FOR WEDNESDAY

With Commissioners and Members of Progressive Association.

The Standard Oil company representatives desire to make a proposition to the county commissioners to make a test of treating macadam roadways with a product of crude oil, and for that purpose a meeting was called Tuesday morning, with the county commissioners and executive committee of the Progressive association. The notice to the commissioners was mislaid in some manner, and they failed to respond, but the meeting was adjourned by those present until Wednesday morning at nine o'clock at the hotel Norval.

From the forecast obtainable, it is gleaned that the Standard has a material composed of by products of crude oil, which they desire to test in treating macadam roadways, and in this connection they desire to treat the road passing McBeth park and the Country Club, from the end of the pavement near Gethsemane cemetery to the Children's Home, and the Shawnee road from the Children's home to the end of west Kibby street paving.

It is anticipated that they will make a proposition to treat the roadway as above outlined, and bear a part of the expense.

Eczema a Germ Disease.

Myriads of Microscopic Animals Infest the Skin of the Sufferer.

When the skin of an eczema sufferer itches and burns in untold agony, do you know what is going on within the pores of that skin?

Myriads of microscopic animals are gnawing at the flesh, breaking down the fine cells and causing festers, thick scales and that terrible itch. The germs multiply faster than Nature can throw them off.

Now, there is only one way to get rid of these germs—they must be killed in their lodging places. Dosing the stomach or trying to cure the blood will not, of course, kill the germs, and that is why all the blood remedies fail in eczema; that is also why salves which do not penetrate can do no permanent good.

Ordinary oil of wintergreen properly compounded in liquid form will penetrate the pores of the skin and kill the eczema germs. If properly mixed with thymol, glycerine and other ingredients (as in D. D. D. Prescription) this wash will build up the tissue of the skin and promote its healthy growth, giving Nature a chance, while killing the germs faster than they can multiply.

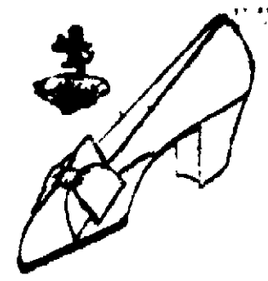

Hunter Bros., Druggists, of this city, carry D. D. D. Prescription, also D. D. D. Soap in stock.

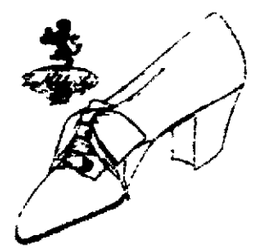

NINETY DAYS IN BED AND ATTENDANT COSTS.

Caught in the toils and not being able to extricate himself was the occasion of considerable suffering and misery to Wm. Fox, 533 north Eighth street, LaCrosse, Wis. He was placed in such a position he could not get out and no one could help him, for it was one of those singular times when money counts for naught. But when all seemed darkest and the last hope had fled, he resorted to something of which we all know, and with which many have had personal experience. Mr. Fox had an extremely bad case of rheumatism. It caught him in his back and right limb. Think of the terrible pain he underwent. Pain so severe it confined him to his bed for 90 long miserable days. Undoubtedly he tried all the so-called cures he heard of, and, like so many others, spent a large sum of money endeavoring to place himself back in his former good health. These costs attend most all rheumatic cases, and especially those who have never before had rheumatism, because a person is so anxious to be cured that they try everything. But after experimenting with them all, the sufferer usually tries out Rheumaline, when, presto! costs stop, pains stop, and the miserable one is free again. That's what Mr. Fox did after 90 days. It took just one and a half bottles, and one box of Rheumaline Capsules to fix him up, and now to use his own words: "I thank God for having secured this wonderful medicine." He's well. Happy, sound and well. Write him and find out yourself. Wm Fox, 533 North Eighth street, LaCrosse, Wis. Send a stamp for reply.

He will tell you that Rheumaline is the only relief for rheumatism, lumbago, sciatica, neuralgia, stomach and blood troubles caused by uric acid, and that Rheumaline Capsules stop pain immediately. And he ought to know because he had experience. Rheumaline Tablets should be used for constipation, as they act in conjunction with Rheumaline. The three may be procured only at Hunter Bros. Drug Store, which is the appointed sole agency here. Get Rheumaline. It removes the cause.

Among the statements sent out by the Columbus water works office was one that went to a banker, who, to express his dissatisfaction with the service, sent back the following:

"Enclosed find check for water rent—
The saddest money I've ever spent;
Tried real hard most of last year
To save the water and drink just beer.
If you fellows keep on raising the dues,
We'll have to sprinkle the lawn with booze,
And the thought of it really makes me shiver
To think that it's cheaper to bathe in Green River
But what's the use, as sore as I am?
The best I can do is to dam the dam."

But the clerical force of the water-works department is more or less inclined to be of a poetical turn, and not to be outdone sent the banker his receipt with these lines:

"Enclosed find receipt for your water rent.
I note the "poetry" with check you sent.
We are sorry, my friend, to have caused you pain;
But the sun must shine after the cloud and rain
A tip I'll give you, and some good news:
Extract most of the water from your booze;
Sprinkle the lawn and supply the cook
And store some away in a good safe nook
Then turn off the water at the city tap;
You may have enough not to care a rap."

If the beauty of the spectacular performance of Parada is to be judged by the artistic decorations which are going up on the outside of the theatre just at the entrance, it will present a pretty picture. All day men have been at work placing tiny incandescent lights studded thickly in the ceiling of the entrance, while these are twined with smilax and poinsettias, orchids and roses are found in a border effect around the edge and with great clusters at intervals. When the whole is lighted it will give an exquisite effect.

The public schools were visited recently by a state inspector who is visiting all the larger cities in the state, taking facts and figures in regard to the number, habits, and adaptability of Chinese, Japanese and Italians.

The report made here was that there were none of the two former nationalities and very few of the Italians, the greater number of which are found at the parochial schools. Mr. Nelson did not want any statistics on any other foreigners except the ones above mentioned, and was very particular to to inquire about their habits, studiousness, etc.

Best Treatment for Colds.

"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderative laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. WEATHER—SHOWERS TONIGHT.

Washington, April 20.—Local showers tonight; Wednesday partly cloudy.

Much interest is being shown in the woman suffrage contest. Many votes have already been sent in, and so far opinion is about equally divided. The result will be published in next Monday's issue. Advocates of the ballot for women will have to bestir themselves if they expect to win, for there are many women who oppose the proposition and they are expressing themselves.

When Senator Aldrich openly declares that congress is spending fifty millions more every year than it should; that revenue to run the government should be raised by taxing luxuries, and that the Dingley rates on the necessities of life should be reduced, there would seem to be more than a passing hope for the final and perpetual triumph of democratic principles.

THE CONVENTION CITY.

Lima did more to gain favorable publicity by her munificent handling of the conventions held here in 1908, and the hospitable treatment extended to the delegates and visitors who came with them than through anything else she ever did. Everywhere she is known as THE CONVENTION CITY, and those who have been here are coming back, if personal influence with the organizations to which they belong can accomplish that end. That popularity made other organizations knock at our doors for their 1909 conventions, among them the Eagles, the Volunteer Firemen, the Federation of Women's Clubs, the Mail Carriers, and other notable associations in number sufficient to have something going on almost every week throughout the entire summer months.

These people must not be allowed to go away with any less pleasant and favorable impression than our guests in 1908, and to avoid this the home pride and patriotism of the people is to be called upon to give, each individual according to his ability in providing a moderate purse of five thousand dollars to be used in making the city attractive to 1909 visitors and its hospitality, countrywide.

Committees have been appointed by the Progressive Association under the direction of Mr. F. E. Harman, and these will co-operate with an equal number of the leading members of the Eagles fraternity, in providing the funds to splendidly, but not extravagantly take care of the convention comers.

Mr. E. T. Mitchell, of the City Bank, is treasurer of all funds. The business connected with all conventions will be done in a business-like way, and every dollar judiciously expended.

When the committee calls give them the best support you can.

A boost for Lima is a boost for every individual business in it, and of general benefit to all.

Money cannot be spent to a better advantage in furthering the present and future interests of the best city in Ohio.

Editor Times-Democrat:

The beautiful description of the would-be famous tablets now adorning the inside of the far-fetched, so-called memorial building by the press of Lima, is simply marvelous, and no doubt the names thereon inscribed will create a thrill of ecstasy to vibrate through the very being of the tens of thousands (?) who will in all probability flock to said building with enthusiastic joy to gaze upon the names thus elegantly perpetuated. Names emblazoned upon the tablets of fame! With all courtesy to the committee, builders, architects, clerks, contractors, and all down the line, yes. But how would it look with similar tablets bearing the engraved names of all the soldiers who enlisted from Allen county in the late rebellion?

Would it give the old boys too much notoriety? Yes—possibly so.

SPRING STREET PROPERTY OWNERS

Do Not Receive Encouragement Regarding Street Improvement.

At the meeting of the city council Monday evening, property owners on west Spring street had a resolution presented before the governing body, declaring it necessary to improve west Spring street, by re-surfacing the same.

A number of the property owners were present and were granted the privilege of addressing the council. Mr. D. E. Baxter was recognized by the chair and in a brief talk told of the condition of the street, which is nearing the impassable stage, owing to the numerous holes in the top surface of the street, which had laid for 11 years. He stated that the property owners are of the opinion that the street should be improved this summer.

Members Kirk, McIlvaine, and Shaeffer, agreed that something should be done, but stated emphatically that they would not vote for any more asphalt paving, until they had been convinced that it would stand the wear, as from observance they had failed to find any in the city which held up.

Mr. Harold Cunningham was then recognized and stated that he thought that bids should be received for all kinds of material, before determining what should be used, and further that bids for patching the present pavement should also be received before final legislation was enacted.

Upon this suggestion this feature was embodied in the resolution presented.

Rev. I. J. Miller addressed the council on the subject and stated that he was not looking only to the interests of the property owners of the street, but interested in the city and that the present condition of street is a disgrace to the city. He stated further that to delay the improvement would be foolish as in many places traffic is wearing on the concrete, which in time would ruin the foundation.

A motion to suspend the rules and adopt the resolution was lost, which left the matter to take its regular course in being read at three meetings.

TRIAL HAS STARTED

In the Damage Case of John M. Crawford Against Henry Groby.

GRAND JURY IS WORKING HARD.

Five Prisoners Released from County Jail by Commissioners.

The damage case of John M. Crawford vs. Henry Groby, in which the plaintiff seeks to recover $3,000 for personal injuries sustained through the alleged neglect of the defendant, came to trial in common pleas court Tuesday morning.

Grand Jury.

Prosecutor Welty and the grand jury are hard at work in an endeavor to dispose of the volume of business to be transacted at this session. Twenty-five witnesses were subpoenaed for the opening day, but they were not all examined until after the noon hour Tuesday, while seven others were ordered to appear Tuesday. Subpoenaes have been issued for fifteen witnesses to appear Friday, and it appears that the grand jury will be in session until the first part of next week, at least.

Released.

Dunk Hughes, committed for nonpayment of fine and costs for drunkenness, William and Adam Snyder, committed for the same reason on the charge of larceny, Kenneth Foster and James Bigley, committed on the same grounds, for trainriding, and Zack Bidwell, who neglected to pay the fine assessed for drunkenness, were all released from the joil by the board of commissioners Monday afternoon.

On Business.

Sheriff Vangunten left for Fostoria Tuesday morning on official business, and is expected home Wednesday.

Will Filed.

The will of Patrick Haggerty, late of Delphos, was filed for probate Tuesday, and the hearing set for Monday morning.

Admitted.

The will of Elizabeth Mummaw, late of Richland township, was admitted to probate Tuesday. The property consisting of notes and money is left to John A. Stager and William Stager is named as executor.

Guardian.

Margaret Odenweller, of Delphos, has been appointed guardian of Leo A., Louis M. and Arnold O. Odenweller, minors.

Refused.

The application for the admission of Hulda Ann Sawmiller to the Feeble-minded institution, has been refused.

Marirage License.

William Henry Logan, 26, and Catherine Maud Sawmiller, 20, both of Perry township.

WHY HE DOES IT.

"It isn't often that we have faith enough in the medicines put up by other people to be willing to offer to refund the money if it does not cure," said druggist Wm. Melville to one of his many customers, "but we are glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that plan.

"The Dr. Howard Co., in order to get a quick introductory sale authorized me to sell the regular fifty cent bottle of their specific for half price, 25 cents, and although we have sold a lot of it, and guaranteed every package, not one has been brought back as unsatisfactory.

"There are sixty doses in a vial that can be carried in the vest pocket or purse, and every one has more medicinal power than a big pill or tablet or a tumbler of mineral water.

"We are still selling the specific at half-price, although we cannot tell how long we shall be able to do so. Any person who is subject to constipation, sick headache, dizziness, liver trouble, indigestion or a general played out condition, ought to take advantage of this opportunity."

Two Cigarmakers Released, Three Farmed.

The can rattled in the Cigarmakers' camp Monday evening, when Captain Fohl released Pitcher Ralph Munk, of Columbus, and outfielder Albert Schneider, of Waynesfield.

Infielder Charles Poland, of Linden Heights, Pitcher Ralph Ashenfelder, of Allegheny, Pa., and Catcher Faunce, were farmed out to an Independent team at Ottawa.

Walter Seaman, the Piqua lad, who pitched for Grand Rapids in the contest at Piqua when the locals were defeated, has been added to the pitching staff, which leaves Garvey, Bishop, Pennybaker, Kaler, Krohe and Seaman to fight it out for a berth for the season.

It is probable that six pitcher will be carried by the locals until the season is well opened, when one will have to be dropped.

CITY COUNCIL

MET IN REGULAR SESSION LAST EVENING.

Three Petitions for Street Paving Referred to Committee.

SPRING STREET PAVING QUESTION.

Women's Relief Corps Desire to Rent Their Old Quarters.

Meeting of the Committee of the Whole Called for Friday.

The city council met in regular session Monday evening with all members present, excepting Shaefer. The minutes of the last meeting were read and approved.

Mr Shaefer arrived during the reading of the minutes.

A communication was received from the Mart Armstrong Post Women's Relief Corps, asking for a lease on the quarters formerly occupied by them in the city building. The matter was referred to the council as a committee of the whole.

Woods and Fisher filed a communication requesting an annulment of the contract they have with the city for the privilege of taking ice from the water works reservoir. The contract was made in 1902 at $500 a year. For the past two years they have been unable to get a crop of ice, owing to weather conditions. Attorney Bentley spoke in their behalf, presenting the unforeseen conditions which have existed.

The matter was referred to the committee of the whole.

Mayor Becker presented his annual budget for requirements for 1910, in which he recommended the codification of the city ordinances. He also mentioned the necessity of a work house for the city and county.

A re-capitulation of the amounts needed in various funds concluded the budget.

Property owners on Collett street between Richie avenue and North street petitioned for paving, which was referred to the paving committee.

A petition to grade east Elm street from Bellefontaine avenue and Shawnee street, was referred to the street committee, board of service and engineer.

Property owners on Grand avenue, between Elizabeth and West streets, petitioned for the paving of said street. The same referred to the paving committee.

Engineer Brice filed his estimates on proposed water line extensions, amounting to about $14,000, which was received and placed on file.

Applications for street light were deferred until after June 1.

Property owners on Charles street between Wayne street and Rice avenue petitioned for paving. This was placed in the hands of the paving committee.

The street committee reported in favor of adopting the resolution for the grading of Wayne street between Cole street and Washington avenue, and the same was adopted.

A report from the finance committee for transferring $5000 from the bridge fund to the public safety fund for the purpose of purchasing an aerial truck, was adopted.

A resolution from property owners on Spring street between Main street and Jameson avenue—declaring it necessary to re-surface said street was read.

Messrs. D. E. Baxter and Harold Cunningham addressed the council in behalf of property owners.

Engineer Brice stated that from information gained from the gas company and water works employes, that the foundation is in good condition, and upon his suggestion a motion to provide for receiving bids for patching the street, as well as for re-surfacing, was passed, McIlvaine and Kirk voting no.

A motion for the suspension of the rules, was lost. Kirk, McIlvaine and Shaefer voting No.

Mr. McIlvaine then stated that he was in favor of the city purchasing an asphalt machine, and make an effort made by the city to repair the asphalt streets.

Mr. Baxter was again recognized, and stated that he thought that the property owners on Spring street should be considered, and that all that was needed to convince a councilman is for him to make a trip over the street from Jameson avenue to Main street.

Rev. I. J. Miller suggested that to neglect the improvement this summer would be penny wise and pound foolish.

A motion to reconsider the motion to suspend the rules was carried. The motion to suspend rules was again lost 5 to 2. Kirk and Shaefer voting no.

An ordinance transferring $5,000 from the bridge fund to the public safety fund was passed under suspension of the rules.

An ordinance providing for the extension of the Taflinger sewer, and appropriating $5,375 realized from the sale of bonds, was passed under suspension of the rules.

An ordinance authorizing the preparation of a complete map of the city and appropriating $900 from the general fund, for the purpose was read the first time.

An ordinance authorizing $1000 to be borrowed for the purpose of grading Shawnee street from Bellefontaine avenue to High street, was passed under suspension of the rules.

Upon motion of Mr. Davison a meeting of the committee of the whole was called for Friday evening to determine how much more paving can be taken up.

Council adjourned at 9.25 o'clock.

STATE PROFITS

Through Oil Boom in Southeastern Ohio.

Companies continue to spring up daily to operate in the newly developed gas and oil belt in Fairfield, Perry and adjoining counties and as all these incorporate the state is realizing a nice profit from the business. Each company must pay a fee of one-tenth of one percent. of the capital stock for a charter and as a large number incorporate for not less than $50,000 it can be seen that the state is deriving a snug income from this source.

Nearly every afternoon when the office of the secretary of state is supposed to be closed representatives of a new company will come in and plead for a charter.

WHOLE CITY GONE "CERENA" MAD.

All Records Broken in Free Distribution of Free 25c Packages of "Cerena," the Delicious Food-Remedy.

Demand Forces Free Distribution Again Tomorrow Only.

It was beyond all expectations. Thousands of excited men, women and children with coupons grasped in their uplifted hands stormed the counters of nearly every grocery store in the city yesterday. They were all rushing for Cerena, the delicious does-what-it-says food-remedy that has set the whole town by the ears for the past week. Before noon yesterday it was feared that the supply would fall short, so great was the demand.

A free 25c package of Cerena was handed to every person who held a coupon clipped from the daily papers yesterday.

So that every person will have the opportunity of getting a free 25c package of Cerena, it will be necessary to print the free "Cerena" coupons in the daily papers again tomorrow.

Watch for the coupon in tomorrow's papers.

Cerena is a marvel in taste and effectiveness. No more constipation, no, never more. It cures this disease naturally, surely and permanently, yet it contains positively no drugs.

No more dyspepsia, no more stomach troubles. No more pokey liver to make you bilious. Positively no more.

Cerena, besides being a remarkable remedy, is a most delicious, feel-like-you-want-it-at-any-time food.

Cerena is a food remedy made of selected cereals, combined by a scientific process, with the essences of nutritious fruits and vegetables.

Watch for the coupon tomorrow, which will appear in this paper. Cut out the coupon and take it early to your grocer tomorrow and he will at once hand you a free 25c package of Cerena, a food for kings and a remedy for every man and woman who has common sense enough to appreciate a common sense remedy.

Watch for the coupon tomorrow in this paper, and get Cerena free.

CHANGES HANDS.

Lima Department Store Under New Ownership.

The Macey Company, of Toledo, a progressive concern operating a string of stores throughout this part of the country, has purchased the Lima Department store, and has placed in management Mr. Chas. F. Mamel, a former newspaper man and thoroughly wide-awake. In conversation with the Times-Democrat today, Mr. Hamel said: "We have come to Lima to stay and intend to begin making friends, through bargain prices and good treatment, immediately. This stock is to be sold out at once, even if we must practically give the merchandise away, because we will be forced to vacate soon. We have several new locations in view and when we get established in our new quarters we will introduce to the people of Lima and Allen county the celebrated Macey clothing for men and boys. In the meantime, watch us slaughter prices on this stock! You may expect greater reductions than ever offered in this part of the state."

SPECIAL NOTICE

To the Business Men of Lima and Vicinity.

STATE PRESIDENT

Of Ohio Medical Association Will be Here.

Invitations were sent out by the Allen County Medical Association to all other counties which comprise this district, to meet Dr. D. R. Silver, of Sidney, Ohio, the state president, who comes to this city today. The associations of Hardin, Mercer, Putman, Auglaize, Van Wert, Hancock and Shelby are all to be welcomed at the regular meeting tonight and it is expected that representatives will be here from these different divisions of the district.

Dr. Silver will arrive on the four o'clock train from Sidney and will be met by a committee who will escort him to the Lima House, where it is hoped that as many physicians of the city as possible will arrange to take dinner with him at six o'clock. At eight o'clock the meeting will open at the city hospital, the inspection of which will be one of the features of the evening.

AT SPECIAL MEETING

National Baseball Commission Gave Report on Bribery Case.

PARTY BARRED FROM ALL PARKS.

Commission Voted to Start Vicious Warfare Against Outlaws.

The National Commission, at its special meeting held at the Sinton Hotel yesterday, finally gave out a report on the umpire bribery case, which was turned over to it by the brave National league magnates a good many weeks ago. There is nothing at all in the report to indicate why this matter has been allowed to drag along, but all over New York they know why it was. The people who are generally believed to be the main movers in the bribery attempt are too high up in certain quarters to be dallied with, and the commission was probably glad to find that the laws of New York would not provide for any legal action against them. The official report of the commission on the case is as follows:

"This matter was referred to the National Commission by the National league and Umpires Klem and Johnstone, that an attempt was made last fall to bribe them with reference to a game that they umpired and which took place between the Chicago and New York National clubs on the Polo grounds.

"We have made a full and thorough examination of all the matters that have been presented for our consideration with reference to this subject. We believe that the statements as made by the umpires are true and that an effort was made to bribe them with reference to their duties. The same, however, was unsuccessful and the umpires are deserving of the highest commendation not only on the part of the National Commission, but of all those who are interested in organized baseball as well.

"In this matter the commission would not hesitate a moment to institute a most rigid prosecution against the offender if it had the power to do so, and the corroborative testimony to sustain the charges as made by the umpires. We feel, however, that in the absence of this, the party charged with this offense by the umpires should not go unpunished, and for that reason we will furnish to every major league club owner the name of the person who attempted this offense, with instructions to such club owners to bar him from their respective grounds for all time to come.

"Aug. Herrmann,
"B. B. Johnson,
"John A. Heydler,
"National Commission.

"April 19, 1909."

The man who is to be barred from all parks in the two big leagues is a Dr. Kramer, who the umpires reported as the man who approached them just before the deciding game between the Cubs and the Giants in New York last October. Kramer had been an employe of the Giants for a short time before the season closed. He was with them on their last western trip and met a good many fans when he was in Cincinnati. He was acting as medical adviser to the club. To the umpires he represented that he was acting for some wealthy New Yorkers who had bet heavily on the Giants to win the pennant but these men are not involved in the decision of the commission. It was found on looking up the New York law that [illegible] is not a criminal offense unless the attempt is made [illegible] public officer and that is the [illegible] reason why this case can never be brought into courts. All club owners in both major leagues will be instructed to bar Dr. Kramer from their grounds for all time, but nothing will be done about the men behind him. It would be pretty hard [illegible] them from some of the [illegible] it is common gossip around New York tells the truth.

Aside from giving out his delayed but momentous decision the commission voted [illegible] a vicious warfare [illegible] California outlaw league, an organization which is prospering on account of the extremely penurious and mean policies of some of the magnates of the Pacific Coast league for whom athletes on the coast have to play. Mr. Bill Lange, once famous as a Chicago outfielder, and now a prominent business man on the coast, was appointed as the official representative of the commission to conduct this horrible war, which will doubtless result in terrific carnage, until some club wants a good player out of the outlaw league. All outlaw players will be gotten back into the fold, if possible, regardless of expense. The personal battles of Cal Ewing with the outlaw club owners have been taken up by the commission and will be pushed along for the present. Fine for Cal.

A assessment will be levied on all the 16 clubs of the two major leagues to carry on Mr. Ewing's war, which will be a deadly affair for a little while.

The commission also decided a number of minor cases. Players Darringer, of Dubuque, and Harm, of Rockford, who applied to be free agents, were refused, but the plea of Mason, of Troy, N. Y., was granted. The claim of Kilroy against the Toronto club was not allowed. Owner George Dovey, of the Bostons, presented a claim for $300 against the Trenton club of the Tri-State league, and this was allowed. Mr. Dovey's claim for Pitcher Henderson, of the Coast league, however, was refused, and the player was awarded to Cleveland. Mr. Dovey could not see the justice in this decision, but finally came to the conclusion that Cleveland must need a pitcher pretty badly.

President John Heydler, of the National league, left for Pittsburg last night to see Barney Dreyfuss, and he will go back to his office at once after a short talk with Pirate chief. Mr. Dovey, who came on from Boston on some important but mysterious business, will not leave for the east until today.

CLOSING EXHIBITION

Of Season at Y. M. C. A. Gym Tonight.

During the last six weeks the Intermediates of the Y. M. C. A. have given a series of splendid gymnastic exhibitions. Tonight they will give the final one for this season, and an excellent program has been arranged. It will consist of dumb bell drills, stunts on the horizontal and parallel bars, pyramids, elephant, pole vaulting, tumbling and basket ball.

The men and women of the city interested in this splendid institution, and the advancement and training the of boys there are invited to witness the exhibition.

FITTING TRIBUTE

Paid W. H. Kemper by Minister.

Dr. T. H. Cambell delivered a very eloquent and beautiful tribute to the life and excellent character of W. H. Kemper at the service held last evening at seven-thirty over the remains preparatory to the removal to Circleville for burial.

The consistency of the man in his church work and in his daily life among his fellows was touched on by the speaker, and his devotion to his order, that of the Odd Fellows, was also spoken of.

Mr. and Mrs E. G. Conner sang their beautiful duet "Does Jesus Care," and they and Mrs. E. V. Wells and Dr. C. F. Hughes constituted a quartet which sang several favorite hymns of the deceased.

The friends left with the body at three fifteen this morning for Circleville, and interment was made there before noon today.

SWIFT LIMITED

TRAINS ON OHIO ELECTRIC GO INTO OPERATION

Next Sunday With Through and Fast Schedules to All Points.

TIME OF STEAM ROADS IS MET.

Trips and Speed That Are Not Surpassed by an Electric

Road in World.—Lima is Now Central Point in System.

Lima is—as very often stated by President Schoepf it would be—the Hub of the magnificent system known as the "Ohio Electric," and daily its importance is being more fully realized by the business interests of this city and by the people of contiguous territory.

The policy of the company has been one of advancement—keeping ahead of the procession, and every change it has made has bettered the service and opened up new fields in northwestern Ohio.

The now Springfield line is proving Lima's best asset as a commerce bringer. It also furnishes a direct and short route to the fishing grounds and summer resorts on the Lewistown reservoir, and now comes the announcement that will meet with the highest approval—the operation of limited train service to Columbus, a crying need of northwestern Ohio for many years, and best of all, Lima will be the gateway through which this traffic will pass.

The new time card, which goes into effect Sunday, April 25th, offers long distance trips that are remarkable and not exceeded by any electric service in the world. For instance, a trip from Columbus to Toledo will be made in 5 hours and 30 minutes, a distance of 181 miles; Dayton to Toledo in 5 hours and 15 minutes, a distance of 166 miles; Fort Wayne to Toledo in 4 hours and 10 minutes, 126 miles; Springfield to Toledo in 4 hours and 20 minutes, 138 miles. This service will bring all passengers through Lima and District Passenger Agent Burkhardt states that service will be increased as travel develops.

Another noteworthy feature of the new time card is the installation of six limiteds between Lima and Toledo on a schedule of 2 hours and 15 minutes, which is equal to the fastest steam road service out of Lima to Toledo, and one hour faster in time than via Findlay and the T. L. & I. In addition, a train will leave Lima at 6 a. m. which will make boat connections at Toledo, and be very popular in caring for travel bound for the lakes.

The terminal station will be opened at Toledo with the new service and conveniences of travel fully arranged for. During the tourist season through tickets will be sold to the lakes at special rates and baggage checked through via the great lakes' boat lines.

The Ohio Electric with the new time card offers limited service over 400 miles of road built for safety and speed, and without regard to cost so long as it was the best.

This places it at the head of all electric railways. The total mileage owned by the company is 600, and the train service each day is equal to a trip around the world.

This development of interurban travel is stupendous and beyond all expectation or prophecy, and no modern progress has been more warmly welcomed than its development.

THE MARKETS.

New York, April 20.—The opening dealings of stocks today were quite active, but price changes were small and mixed. There was some profit taking in stocks which were strongest yesterday. Canadian Pacific and Wisconsin rose a large fraction.

The market closed irregular and unsettled. A reaction of 1¾ in Reading started prices downward. A violent rally in Reading caused a general rally. Hocking Coal dipped 3 and immediately recovered all of it. General Electric fell ⅛ and Wabash pfd., St. Louis and San Francisco pfd., and Railway Steel Spring 1. There was some renewed profit taking under cover of the latest spurt and Reading ran off 2 points.

Call Money Steady.

New York, April 20.—Money on call steady 1¾@2 per cent ruling rate 2; closing bid 1⅞; offered at 2. Time loans, soft and quite active; sixty days 2 to 2¼ per cent and 90 days 2¼@2½; six months 2¾@3 per cent.

Cleveland Produce.

Cleveland, April 20.—Butter firsts 27@27½; seconds 26@26½; prints 31@31½; process 25@26; fancy dairy 22@23; packing stock 16@17.

Cheese, york state cream, fancy dairy 15@16; choice 14@14½; do Ohio creams 15@15½; Swiss, No. 1, 15@18; No. 2, 13@14; bricks 16@17; limburger 15@17.

Eggs, current receipts 21½.

Poultry, chickens 15@17; spring broilers 1 to 1½ lbs., 30@35.

Apples, western $2.50@3.25 per box.

Potatoes, white, choice to fancy $1.10@1.15; Bermudas $7.50@8.00; Florida rose $5.50@6.75 bbl.

Chicago Markets.

Chicago, April 20.—Cattle—Receipts estimated at 25,000, market steady. Beeves, $4.75@7.00. Texas steers, $4.50@5.75, western steers, $4.40@5.75; stockers and feeders, $3.50@5.55. cows and heifers, $2.00@5.00; calves, $5.00@7.00.

Hogs—Receipts estimated at 10,000; market 5c higher. Light mixed, $6.95@7.50; heavy, $7.05@7.60; rough $6.95@7.10; good to choice, heavy, $7.10@7.40; pigs, $5.70@6.65, bulk of sales, $7.15@7.30.

Sheep—Receipts estimated at 15,000; market weak. Native, $[illegible]@6.15, western, $3.65@6.15, yearlings, $6.15@7.10; lambs, native, $5.50@8.15; western, $5.55@8.50.

Daily Movement of Produce.

Receipts—Wheat, 10,500 bushels; corn, 112,500 bushels; oats 175,600 bushels; rye, 3,000 bushels, barley, 28,500 bushels.

Shipments—Wheat, 181,300 bushels; corn, 268,300 bushels; oats 294,600 bushels; rye, 13,200 bushels; barley, 42,800 bushels.

Weakness Again Prevailed.

Chicago, April 20.—Weakness which characterized trading in the wheat market yesterday was again in evidence today and additional sharp declines were recorded, the July delivery receding 2 cents from where it closed on the previous session. Selling which was generally in the day was led by some of the leaders of the bull forces and for a time the market lacked any good support.

The market was depressed by the bearish tone of early news. Cables were weak, Liverpool being off one pence to 1½ pence the outlook for the foreign wheat crop was considerably improved and recommendations in the southwest was regarded as highly beneficial to the growing crop. The opening was weak at loss of ½ to 1@1¼ compared with yesterday's close. July was at $1.15½ to $1.15¾. May opened at $1.26 to $1.26½ and September at $1.06½. Before the end of the first half hour July had dropped to $1.14, while September had sold off to $1.05⅞. May reacted to $1.25⅞.

Extreme nervousness marked early trading in corn, May opened ½ higher at 71 but on liberal realizing sales declined to 70⅜.

May oats opened unchanged to ¼ higher at 55⅜ to 55⅝, advanced to 56@⅛ and then declined to 55⅜.

Provisions at the opening were unchanged at 2½@5 cents higher

Wool Market Strong.

Boston, Mass., April 20.—The wool situation is very strong and prices are tending steadily upward. There is more activity in domestic scoured wool than for some time and foreign wools are also active. Representatives of commission houses are now in the west and the competition is forcing prices higher than paid last year. Montana wool also sold lately at 23½ cents as against 16 to 17 cents last year. Other wools are correspondingly strong.

Take The Coupon To Your Grocer Today.

Think of it! Just wheat, corn and other cereals, delicious fruits, succulent vegetables—prepared without drugs or chemicals. No more cathartics, no more "dope," no more purgatives—throw out the pills and powders. Be cured, absolutely and lastingly cured of CONSTIPATION, indigestion, fermentation and all the other ills in the way nature intended you should be cured.

For the whole week past we have been telling you in the columns of this paper of the wonderful new food cure for constipation ills. We have told you why Cerena—a cereal food used as you would any other cereal—is a natural Food Remedy for constipation and resulting stomach troubles. We have told you how it is made and how it acts, working wonderful cures even when everything else has seemingly failed. We have told you too why it is the most delicious food as well as the greatest blessing suffering humanity has seen.

Now we want you to prove it. We want you to test Cerena upon your own table and see for yourself whether what we have told you about it is the absolute truth.

Do not take our word for anything. You do not have to. Let Cerena prove to you by test without your spending one penny to make the trial, that it will make you well to stay well, that it will make you feel better right from the very first day, and that more than that it is a cereal so delicious in itself that you will gladly have it on your table for its taste even if it were not an everlasting benefit as well as a good food.

We propose to give you a regular 25-cent package of Cerena to enable you to do this.

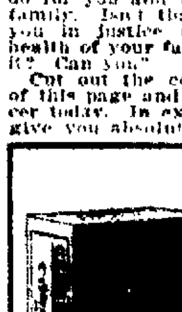

There are no strings to this offer. You place yourself under no obligation of any kind. You owe us nothing. You do not promise anything except that you will make a fair test of Cerena and let it prove what it will do for you and the members of your family. Isn't that a fair offer? Can you in justice to yourself and the health of your family refuse to accept it? Can you?

Cut out the coupon at the bottom of this page and take it to your grocer today. In exchange for it he will give you absolutely without cost, remember, a regular 25-cent package of Cerena, the most delicious cereal you ever tasted, the cereal with the nut like natural flavor that will be a revelation to you, a health builder, a flesh, blood and bone maker, and best of all a complete cure for constipation, indigestion, fermentation of stomach or bowels and torpid liver.

Isn't it worth trying? Won't you try it today? Remember, the 25-cent package, enough for one person for a month or the whole family for a week, doesn't cost you a cent.

Take the coupon to your grocer today and prove how good Cerena really is.

COMMITTEES NAMED

To Solicit Funds for Conventions Billed for This Season.

GENERAL FUND TO BE PROVIDED

For the Purpose of Defraying Expenses of All Gatherings.

At a meeting of the executive committee of the Progressive Association and the Eagles' convention committee, held Monday evening, committees were appointed for the purpose of soliciting funds to be used in defraying the expenses of the entertainment of the various conventions which will be held in this city during the summer months.

At a previous meeting of the committees, it was determined, that a general fund should be solicited, for the entertainment of the Eagles' state convention, the Volunteer Firemens' convention, Labor Day celebration and any other conventions that may choose Lima as a meeting place this season. This plan was adopted in order that the public spirited citizens of the city would only be called on once during the season.

The soliciting committees, five in number, consist of three members of the Progressive Association and three members of the Eagles, with districts assigned to them for their work. Those designated to act are as follows:

Committee No One—Eagles, Henry Van Gunten, W. F. Troop, Frank Seiber. Progressive, F. E. Harman, H. G. Wemmer, R. W. Parmenter.

Committee No. Two—Eagles, C. L. Ackerman, Burt Corwin, T. P. Doyle, J. W. Beall. Progressive, E. M. Gooding, H. D. Campbell, J. P. King.

Committee No. Three—Eagles, Sam Roeder, L. J. Keppler, Henry Steinle, H. H. Spencer. Progressive, Max Folk, E. N. Zeltitz, C. E. Eckert.

Committee No. Four—Eagles, C. A. Lar, Jos. Jackman, C. M. Gutorie. Progressive, Wm. Hoover, S. S. Sherrick, W. Blackburn.

Committee No. Five—Eagles, Dr. Hibbard, Jerry Sullivan, Phil. Leffel. Progressive, Charles Shappell, E. L. Kraft, F. L. Butler.

ACTORS LODGE IN CITY JAIL.

Stamford, Conn., April 20.—Mayor Tupper, of Stamford, is up in arms against the theatrical profession. So many players have been left stranded here that he declares that he will revoke the license of the local opera house if possible. The mayor is swamped with complaints and requests for aid by indigent show people and with protests from indignant boarding house keepers. The crisis came Saturday night when several members of a troup had to seek lodging in the city jail.

MEN WERE TOO WEARY TO TALK.

New York, April 20.—Determined but nevertheless bedraggled and limping, tired little band of young men in full campaign outfit of the New York National guard, made their way up Broadway through the theater crowds last night in the drizzling rain. Two officers were in the lead and behind them came sixteen tired men and after them a dilapidated automobile.

After facing the gaze of curious people the troup marched into the twelfth regiment armory. The National Guardsmen arrived here from Philadelphia after following the leadership of Captain Frederick C. Harriman. They were on the road three days, traveling about one hundred and eleven miles and carrying their complete campaign equipments Captain Harriman is demonstrating the efficiency of his men but the men were too tired last night to give any detailed account, or to analyze the military significance of their journey.

AN ORDINANCE.

Authorizing a contract with the Lima Gas Light Company, a corporation of Lima, Ohio, its successors and assigns, for lighting the public streets, alleys, avenues and places of the city of Lima, Ohio, for a term of ten years, and fixing the price which may be charged therefor.

Be it ordained by the council of the city of Lima, state of Ohio:

Section 1. That a contract with the Lima Gas Light Company, a corporation of Lima, Ohio, its successors and assigns, for lighting the public streets, alleys, avenues and places of this city with artificial gas is hereby authorized under the following terms and conditions, to-wit:

a. The term of the contract hereby authorized shall begin on the first day of the next month following the publication of this ordinance and the assent to the terms and conditions herein contained by The Lima Gas Light Company for itself, its successors and assigns, and shall continue for a term of ten (10) years thereafter.

b. Said The Lima Gas Light Company, its successors and assigns, shall furnish all material, machinery, equipment, labor and supplies necessary to carry into full execution the provisions of the contract herein authorized, and this city shall bear no part of the cost thereof.

c. Said The Lima Gas Light Company, its successors and assigns, shall during the term above named and provided for, furnish and maintain not less than two hundred and thirty-four (234) lights of the kind hereinafter specified, and this city shall agree to use not less than said number of lights during the term herein above named.

d. If more gas lights are required by this city than the number above designated, the same shall be supplied and procured from said The Lima Gas Light Company, its successors and assigns, and the prices to be charged therefor shall be as hereinafter provided (for artificial gas lights for public lighting.)

e. Said lights shall be located by said The Lima Gas Light Company, its successors and assigns at such points as may be determined by the proper authority of this city, upon posts the same as are now in use for street lighting in this city.

f. Said The Lima Gas Light Company, its successors and assigns, shall furnish such lights through what is known as Boulevard Street Lamps connected with an artificial gas main, and shall keep said lamps with all mantles and attachments connected therewith in good condition at all times during the term herein stipulated, and shall keep such lights burning continuously each and every night during the term herein named from one-half hour after sun set until one-half hour before sunrise, and shall make a pro rate reduction from the amount hereinafter provided for each light not so kept burning.

g. In case this city shall desire additional lights located off the present mains of said The Lima Gas Light Company, its successors or assigns, said company, its successors and assigns shall lay additional mains therefor, provided this city shall locate and use two (2) lights in each square of four hundred and sixteen (416) feet in which such extension is required. And provided further, that should the proper city authority, desire to locate such lights on the opposite side of the street from which the additional main so laid terminates, said gas company shall run a service line across such street for the location of such lights without cost to the city.

h. The price which said The Lima Gas Light Company, its successors and assigns may charge and collect for the lights furnished and to be furnished under the contract herein authorized shall be the sum of twenty-two dollars ($22.00) per lamp per year, payable in monthly installments at the end of each and every month.

i. should the proper authority of this city desire any light or lights herein authorized to be contracted for removed and relocated, said The Lima Gas Light Company, its successors and assigns, shall remove and reset such light or lights ready for use at the location or locations selected by said city authority upon written notice from such authority so to do, and at no expense to this city.

j. Said The Lima Gas Light Company shall for itself, its successors and assigns, agree to not open or encumber more of any street, avenue, alley or public place in this city than may be necessary to enable it to perform its part of the contract herein authorized, and that no opening or encumbrance of any street alley, avenue or public place shall be permitted to remain or continue for a longer period than may be necessary in the judgment of the proper city authority; that all openings and encumbrances will be properly guarded with such barriers and lights as will prevent the happening of accidents or injuries by reason thereof. Said company shall also agree for itself, its successors and assigns, to hold this city harmless as against all damages done by said company, or its successors and assigns, to streets, alleys, avenues and public places within this city in the construction or operation of any plant or any part thereof, and that all such streets, alleys, avenues and public places cut into by said company or by its successors or assigns, shall be restored to as good condition as it was before being so cut into.

k. The Lima Gas Light Company, its successors and assigns, shall agree to indemnify and save harmless this city, its officers and employes, from the payment of any and all damages, costs or expenses, and suits and actions of any kind or description resulting from the construction, repair or operation of the plant of said company, its successors or assigns, or any part thereof brought against this city, or on account of any act of omission or commission of said company or its agents, successors or assigns; but said company, its successors and assigns shall have reasonable written notice of any action or suit brought against this city on account of any such matters, and the right to appear and defend against the same and to demand and prosecute appeal therein and upon such written notice by this city said company its successors and assigns, shall appear and defend such action and pay any final judgment that may be recovered against this city.

Section 2. That this ordinance shall go into force and effect after its passage, approval by the mayor and legal publication, provided The Lima Gas Light Company shall, for itself, its successors and assigns, file with the clerk of this council its written acceptance of all the terms and provisions of this ordinance, within thirty (30) days from the first publication hereof, and shall in said acceptance specifically release this city from any and all liability for lights furnished under an ordinance passed January 21, 1901, entitled, "A contract ordinance to authorize The Lima Gas Light Company, of Lima, Ohio, a corporation, its successors or assigns, to furnish gas lights for the streets, alleys and public places of the city of Lima, Ohio, for the term of ten (10) years, and fixing the compensation therefor" and upon such acceptance being so filed, the ordinance above referred to, passed January 21st, 1901, be, and the same is hereby repealed.

Section 3. This ordinance shall be in force and take effect from and after the earliest period allowed by law.

Passed April 7, 1909. M. S. Bowser, president of the council. Attest: O. J. Rose, clerk of the council.

Approved April 9th, 1909. Fred C. Becker mayor. apr 13-20

AN ORDINANCE

Declaring the purpose for which the "Electric Light Fund" was created to be abandoned and authorizing the transfer of the unexpended balance remaining in said fund to trustees of the sinking fund.

Whereas, on the 20th day of April A. D., 1908, the council of the city of Lima, Ohio, passed an ordinance entitled "An ordinance providing for an issue of bonds in the sum of eighty thousand ($80,000.00) dollars for the purpose of erecting electric light works for supplying light to the city of Lima, Ohio, and the inhabitants thereof," and by said ordinance did create a fund known as the "Electric Light Fund," and

Whereas, the proceeds arising from the sale of the bonds authorized by said ordinance passed April 20th, A. D. 1908, amounting to the sum of eighty thousand ($80,000.00) dollars was placed in the treasury of said city to the credit of said the "Electric Light Fund," and that there now is in said fund an unexpended balance amounting to the sum of $79,170.32 and

Whereas, the purpose and object for which said "Electric Light Fund" was created has been abandoned, and the unexpended balance now remaining in said fund is no longer needed for the purpose for which said fund was created therefore be it ordained by the council of the city of Lima, state of Ohio:

Section 1. That the purpose and object for which the electric light fund was, by ordinance of this council passed April 20th, A. D. 1908, created, is now hereby declared to be abandoned, and that the unexpended balance now remaining in said fund, arising from sale of bonds authorized by said ordinance passed April 20th, A. D. 1908, amounting to the sum of $79,170.32 is no longer needed for the purpose for which said bonds were issued, and said fund was created.

Section 2. That the city auditor and the city treasurer be and they hereby are authorized, empowered and directed to do all things necessary to properly and lawfully transfer to the trustees of the sinking fund of this city, the unexpended balance remaining in the electric light fund. The balance so transferred to be applied to the payment of the bonds authorized by said ordinance, passed April 20th, A. D. 1908.

Section 3. The trustees of the sinking fund shall invest all moneys received by them under the provisions of this ordinance in bonds of the United States, the state of Ohio, or any municipal corporation, school, township or county bonds, in said state, and shall hold in reserve only such sums as may be needed for effecting the terms of this ordinance, and all interest shall be reinvested in like manner. Provided, further that said trustees shall keep a separate account of said balance so that an examination will clearly exhibit the exact condition of the same, the manner in which it is invested and the investments, the income received from its investment and depository interest received on said account; also the payments made for the redemption of said electric light works bonds and interest coupons.

Provided further, that the provisions of section 110 of the Municipal Code giving the sinking fund trustees the right to use any funds under their control to meet their obligations, shall not apply to this fund, it being the intention of this council to make this fund care for itself without taxation.

Section 4. That this ordinance shall take effect on and after its passage and course prescribed by law.

Passed April 7, 1909. M. S. Bowser, president. Attest: O. J. Rose, clerk.

Approved this 8th day of April, 1909. Fred C. Becker, mayor. apr 13-20

AN ORDINANCE

Fixing the price which may be charged for illuminating gas furnished to private consumers for domestic or commercial use.

Be it ordained by the council of the city of Lima, state of Ohio.

Section 1. That during the period of ten (10) years from and after the passage of this ordinance the price which may be charged for illuminating gas furnished to the public buildings and to the citizens of this city for domestic or commercial use, by any and all companies organized for the purpose of furnishing illuminating gas, and which have, or may hereafter acquire the right to lay their mains or pipes in the public streets, alleys, avenues and places of this city, shall be any rate not exceeding one dollar ($1.00) per one thousand (1000) cubic feet, which price shall be effective as to all classes of consumers, and which price shall be paid monthly by all consumers for such service at said rate, based on the consumption for each month as shown by meters furnished and installed by such company; provided the gas so furnished shall be of not less than twenty-two (22) candle power.

No special rate shall be given to any customer or customers, for lighting purposes only, unless such rates be extended to all customers in the city of the particular class to which a special rate has been given.

Section 2. That any and all companies which may furnish illuminating gas to the public buildings and to the citizens of this city for domestic or commercial use, shall, without any charge other than that authorized by section one of this ordinance, furnish to each and every customer, a meter of some approved make and of proper size, and shall set and keep in repair said meter. No meter charge or rental shall be made. Any customer shall have the right to have his meter tested at any and all reasonable times.

When any customer of such company shall desire to use incandescent gas burners, mantles and supplies, such company shall furnish such customer with such burners, mantles and supplies at actual cost to such company therefor.

Section 3. That any and all companies furnishing illuminating gas to the citizens and public buildings of this city, shall comply with the statutes of the state of Ohio, which relate to gas companies furnishing illuminating gas to cities and citizens thereof.

Section 4. That when any such company as described in section one hereof shall file with the clerk of the council of this city a written acceptance of each and all the terms, stipulations and conditions of this ordinance, the prices fixed herein shall be and remain the price which any such company shall be permitted to charge for gas furnished or to be furnished under the provisions of this ordinance for and during the term herein provided.

Section 5. That an ordinance entitled "An ordinance fixing the price that may be charged for illuminating gas furnished to the private consumers of the city," passed December 9th, 1901, be, and the same is hereby repealed.

Section 6. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed April 7, 1909. M. S. Bowser, president of the council. Attest: O. J. Rose, clerk of the council.

Approved April 9th, 1909. Fred C. Becker, mayor. apr 13-20

A RESOLUTION

Declaring it necessary to improve east Kibby street from Pine street to east line Prospect avenue by grading, draining, curbing, guttering and paving said street.

Be it resolved, by the council of the city of Lima, State of Ohio. In accordance with the prayer of the petition of owners of property subject to be assessed for the improvement and on file with the clerk of council, three-fourths (¾) of the whole number elected thereto concurring.

1. That it is necessary to improve east Kibby street from Pine street to east line of Prospect avenue by grading, draining, curbing, guttering and paving the central thirty (30) feet thereof with a first-class quality of vitrified paving block on a concrete foundation with sand cushion and sand filler and such curbing and guttering as may be determined by the Board of Public Service.

2. That the grade of said east Kibby street as improved, shall be the grade established for said east Kibby street by ordinance of the city council, and the grade and elevation of the curbs shall be as shown on the plans and profiles for said street and improvement and said improvement shall be done in accordance with the plans, specifications, estimates and profiles showing the proposed grade of the street and improvement after the completion with reference to the abutting property, and now on file in the office of the board of public service, for inspection of all persons interested; and that said plans, specifications, estimates and profiles are now hereby approved.

3. That the whole cost and expenses of said improvement, except one-fiftieth (1-50) part thereof; except the cost of intersections; and except such other costs as are hereinafter designated to be paid for otherwise, shall be assessed upon all the lots and lands bounding and abutting on said street and improvement by the foot front from Pine street to Prospect avenue all of which lots and lands are hereby determined to be specially benefited by said improvement; and the cost of said improvement to be so assessed shall include the cost and expenses of the assessment, the expense of the preliminary and other surveys, of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the cost of construction, together with interest on bonds issued in anticipation of the collection of deferred assessments, and all other necessary expenditures which, under law, may be so assessed.

That the remainder of the entire cost of said improvement not specially assessed, including the cost of intersections, together with the cost of any real estate or interest therein, purchased or appropriated, and the cost and expense of any appropriation proceeding therefor, the damages awarded any owner of adjoining lands and interest thereon, and the cost and expenses of any such award shall be paid out of the special improvement funds to be raised by the issuance of bonds in the manner provided by law.

4. That the assessments so to be levied upon said property shall be paid by the owners thereof in ten annual installments, with interest on deferred payments at the same rate as that of the bonds which shall be issued in anticipation of the collection thereof provided, that the owner of any property assessed may at his option pay such assessment in cash within thirty (30) days after the passage of the assessing ordinance, in which case said cash assessment shall not include any item of interest upon bonds to be issued in anticipation of the collection of deferred installments of assessments.

5. That the bonds of the city of Lima, Ohio shall be issued in anticipation of the collection of said assessments by installments and amount equal thereto.

6. That a notice of the passage of this resolution shall be served by the clerk of council or an assistant, upon the owner of each piece of property to be assessed or a publication thereof shall be made as required by law and that all owners of any lots or lands bounding or abutting upon said improvement claiming to sustain damages by reason thereof, shall file their claims, in writing, with the clerk of council within two weeks after the service upon them of notice of the passage of this resolution, or of the completion of the publication, when publication is required for such notice.

This resolution shall be published according to law.

Adopted April 7 1909.

SEETHING FLAMES CONSUMED MUSSER BARN AND CONTENTS

All Departments Responded to General Alarm at Ten O'clock.

FIRE LADDIES DESERVE CREDIT.

Excellent Work Prevented Loss of the Surrounding Property.

At 10 05 o'clock Monday night, an alarm from box 41 called the central fire department to the Musser livery barn, located on the west side of Elizabeth street immediately south of Spring street. Upon their arrival at the scene the fire ladaies found the large frame structure a mass of flames, and Chief Maurer realized that prompt action would be required to prevent a conflagration of immense proportions. A general alarm was sounded, which brought out the south, west and north side departments. Fortunately there was no heavy wind prevailing and it was possible for the men to work to an advantage.

The building was one of the fire-trap character, and at a glance one could see that the firemen would do well to confine the flames to the barn. The big steamer was put into commission at the corner of West and Spring streets and within three minutes after arriving upon the scene Chief Maurer had five streams of hose playing upon the flames, with the augmented pressure furnished by the engine.

The fire started in the stable portion of the building in the midst of the horses, which numbered 23. The flames were discovered by Mr. Ote Davis, who resides across the street. Mr. Davis had just retired for the night when his wife called his attention to a fire across the street. He immediately turned in the alarm, and as he left the telephone he saw a large black horse burst open the large double door leading from the stable [illegible] He could then see the center of the flames, and hear the distressing cries of the animals, who were helpless. The large black fell to the pavement the moment it was outside of the building.

Under the direction of their chief, the firemen fought valiantly for thirty minutes, by which time the barn was practically burned to the ground, and the danger past for surrounding property.

The house across the alley to the south of the burning building, owned by Dr Kahle, and occupied by Mr N C A Rayhouser, caught fire several times, but was extinguished promptly. However the furniture was removed from the house as rapidly as willing hands could do so, and what remained was damaged to some extent by water.

A barn used by Mr. Asa Fullerton, located immediately west of the Musser barn, was gutted. Mr. Fullerton succeeded in getting his horse and wagon out before the flames got in their work.

The cottage on the rear of the A. S. Manhard property, on south West street, was damaged to a great extent the roof being burned off and water damage to the contents of the building.

The fire fighters succeeded in preventing any further spreading of the flames. The residence property adjoining the barn to the north fronting on Spring street, occupied by Mrs. J C. Musser, was saved from damage further than the paint being badly blistered.

In the second floor of the barn, there was a fully equipped paint shop and when the flames reached the paints and varnishes, the crackling resembled the reports of a gatling gun.

The hour being early, a large crowd was attracted to the scene, and as usual exposed themselves to unnecessary danger, from falling timbers and electric wires, but fortunately no one was injured.

A complete inventory of the contents of the building is on file at the probate office having been made by the appraisers of the estate of the late J C Musser. Mrs Musser was appointed administratrix of the estate and has been conducting the livery business, awaiting a final adjustment of the estate.

Mr Milt Musser was in active charge of the business under her direction but was not present when the fire started, the barn being in charge of William Lampner.

The origin of the flames is a mystery. Mr Davis, who discovered the fire, stated that he heard the night man putting a horse away about 15 minutes before the fire started, but aside from that had not heard any one stirring about the premises.

The property consumed, consisted of 23 horses, 41 vehicles, 10 sleighs, 3 cabs, 21 sets of single harness, 23 blankets, 10 fly nets, 17 robes, 100 bushels of corn, 12 tons of hay, sleigh bells and numerous small articles and paint materials.

A conservative estimate of the loss would be about $7,500.

A search through the papers belonging to the late J. C. Musser, has disclosed four insurance policies. One for $1,500 on the building, and three aggregating $2,200 on the contests of the barn. It is the belief that more insurance was carried, which fact will be determined within a few days.

FIRST OF JUNE

Will Find New Ice Plant in Working Order.

Work on the new Lima Ice and Storage plant which was commenced in earnest on Saturday will be pushed just as fast as it is possible to do it. The excavating will take some time, but the material for the building is at hand and a large force of workmen will raise the walls and install the machinery in record time. Local contractors are doing the work, and local men are employed throughout while all material that it was practicable to purchase here was bought from local men.

Should everything go smoothly the stockholders expect to see the plant in working order and turning out its full quota of five tons per day by the first of June.

EILERMAN'S QUALITY

The World's Best Ready-to-Wear Clothing

Time was when I did not consider myself fashionably attired unless my clothes bore the label of the high-priced, exclusive merchant tailor," said a prominent citizen to the writer, recently. One day I concluded to give the Eilerman Clothing Co. a chance to make good it's claims," he continued, "and the result is **I've been wearing Eilerman Clothing ever since."**

Prejudice, deep-seated, is hard to shake off. The Eilerman Clothing Co. today is producing the finest clothes manufactured in America. That's an admitted fact. YOU, who still lean the merchant-tailor way, sooner or later must do as thousands upon thousands of your fellows have done, namely—give Eilerman Clothing the fighting chance, which is all it asks or requires to "make good."

About the Age of Forty

certain changes take place in the eyes and most everyone needs glasses at about that age. If it confuses your eyes to read this type, or if it is necessary to hold objects away from your eyes to see them clearly it is a sure sign your eyes are defective. To check it have your eyes examined and fitted with proper glasses. Thus insuring comfort and avoiding the many eye troubles that are bound to come if eyes are neglected now. An examination of your eyes costs nothing.
